

Bring families closer to their future address.

Arcenas Properties caters to families of all ages—from those starting out to the almost-empty nesters. Our hands on team values transparency and individuality. Our service is effective because we trust our team and our brokers to best handle our homes. Honest transactions and collaboration make up our value system and we extend that to both our clients and our brokers.

01

A reliable client base

We provide homes for starter families, young professionals, and almost-empty nesters. It is a client base that has catapulted Arcenas Properties to become one of the top-sellers in Cebu.

02

Your own hours

Handle our properties in your own time but be assured that you will receive constant updates from us.

03

In the know

Receive updates before anyone else about Arcenas Properties new and fast-selling developments. Our broker kit will keep you up to date on the details of the project.

04

Credit where credit is due

Your sale will always be credited to you. Whether you close the sale completely on your own, or if you endorse a client and have us assisting in the close, the sale is credited to the broker.

05

Your way

While we are a hands-on team, we believe and trust in our accredited brokers' style of selling. We believe that you will close the sale.
